The lessons in the clinic will cover the short game as well as the long game. This is to include chipping, pitching, putting, iron play, driving, sand play, and how to play in a scramble. Learn how to play golf with etiquette, safety, and an understanding of the rules. Emphasis is on having fun and learning to play a lifetime game.

Play is often talked about as if it were a relief from serious learning. But for children play is serious learning. Play is really the work of childhood.
